Pronouns: he/him

I am a recent graduate who wants to begin in customer support. I am kind, patient and learn quickly. People say I am easy to talk to and call me Piet.

Experience	Where	When
Student volunteer	University help desk	2024 to 2025
Weekend shop assistant	Family bakery	2022 to 2024

At the university help desk I told students where to find the registrar and how to reset their library password. I used the printed list of answers and asked a staff member when I did not know.

At the bakery I greeted customers, took orders and handled payments.

I have used a chat app and email at university. I have heard of ticketing tools but have not used one. I have not led a team, built a report or written a help article.
